### **Symposium on Statistical Evidence for Forensic Conclusions**

In January 2018, CSAFE sponsored the Symposium on Error Rates for Evidence Interpretation in Arlington, Virginia. A [recap](#) of the event can be found on the CSAFE website. CSAFE will be hosting the Symposium on Statistical Evidence for Forensic Conclusions following the Annual All Hands Meeting as a follow-up session to the January symposium. This is an optional and separate event from the All Hands Meeting.
